The management of the National Horse Show would like to issue the following requirements to all exhibitors who plan to travel to Tryon International.

1. The state of North Carolina requires that all horses entering the state provide a negative Coggins test within one year of entry as well as a Certificate of Veterinary Inspection (Health Certificate) signed by a licensed veterinarian within 30 days of entry. All horses entering the grounds must be accompanied by documentation of Equine Influenza Virus and Equine Herpes Virus (Rhinopneumonitis) vaccinations within six months prior to entering the grounds and the date of vaccination must be noted on the Certificate of Veterinary Inspection or documented by means noted in USEF GR845. The CVI or an accompanying written statement signed by a licensed veterinarian must document that the horse(s) have not shown symptoms or been treated for EHV-1/4 nor been at a facility under quarantine for EHV-1/4 nor been exposed to any horses showing symptoms of EHV-1/4 during the past 28 days.
2. It is required that all horses arrive between the hours of 7 am and 7 pm. If it is absolutely necessary to arrive at any other time you must call the Stable Office at least 24 hours before arrival to make those arrangements. That telephone number is (859) 414-6266.
3. Please take your horse's temperature on a regular basis so as to establish a normal temperature. Please do not ship any horse with an elevated (101.5 degrees or higher) temperature reading.
4. Twice daily temperature monitoring is required while on the competition grounds. In the event of elevated disease risk or an infectious disease incursion management will notify competitors of mandatory twice daily temperature monitoring and recording (ideally 12 hours apart and prior to any temperature-reducing medication. Any horse with a temperature reading higher than 101.5 or showing any signs of respiratory or neurological disease must be immediately reported to a veterinarian and show management.

To facilitate the inspection process, this paperwork must accompany the horses upon arrival and be available throughout their stay. This will be a condition of entry to the Tryon International Equestrian Center. Horses arriving without proper paperwork will not be permitted onto the grouds.

The National Horse Show utilizes Event Pass, powered by EquiTrace, to manage equine health requirements for the show. Exhibitors are required to complete all applicable health documentation and requirements through the Event Pass system prior to arrival at the National Horse Show.

EQUITATION CHAMPIONSHIPS AND FINALS

Competition and Schooling Protocol

In an effort to promote a level playing field for all competitors, trainers, and their equine partners at the NHS ASPCA Maclay National Championship, the NHS 3'3" Equitation Championship Sponsored by the Hamel Foundation and the NHS Adult Equitation Championships sponsored by THIS (Equitation Finals) the National Horse Show will implement a schooling protocol.

The schooling protocol described below will be in effect for all Equitation Finals in 2026:

1. All horses competing in the ASPCA Maclay Final must be on the competition grounds no later than twelve (12) hours prior to the start of the warm up class and remain on the competition grounds until they have completed every phase of the event for which they are qualified to compete. All horses competing in the NHS 3'3" Equitation Championship Sponsored by the Hamel Foundation and the NHS Adult Equitation Championships sponsored by THIS must be on the competition grounds no later than twenty four (24) hours prior to the start of the class and remain on the competition grounds until they have completed every phase of the event for which they are qualified to compete. Any horse being used in the Equitation Finals, or that may potentially be used, must be entered and will be assigned a number which must be displayed at all times whenever outside of their stall, mounted or un-mounted. Only horses that have been assigned numbers and are on the competition grounds twelve hours prior to the start of warmup class will be eligible to be used as a replacement.
2. The USEF Steward(s) and/or USEF Schooling Supervisor(s) shall monitor all training and warmup areas to ensure equine welfare, soundness, competitor safety and to prevent overcrowding. In the event of any observed unsoundness, the Competition Veterinarian must be called immediately to make a determination whether the horse is serviceably sound. If the horse is determined to be unsound during a schooling session, it must stop working and may be re-presented prior to the competition. If the horse is determined to be not serviceably sound prior to or during the competition, the Competition Veterinarian may eliminate the horse from the competition.
3. Any rider, trainer, or groom found to be training a horse in an excessive manner, in the opinion of a USEF designated schooling supervisor(s) or USEF Steward(s) assigned to the class, may result in elimination of the horse and rider from the class. The trainer may be subject to further review for the violation by the USEF Hearing Committee. All incidents of excessive training or questions that are not addressed will be referred to a committee comprised of the USEF Staff representative(s), the USEF designated schooling supervisor or the USEF Steward(s) assigned to the class, and a representative of competition management. The USEF official who renders the opinion to the Committee will not participate in the Committee's decision which will be final.
4. Equitation Schooling Area:
    - Official schooling area will be set one hour before the start of the competition.
    - Schooling fences will be set as a straight line of oxers across the middle of the official schooling area

Class 200
$75,000 NATIONAL HORSE SHOW HUNTER CLASSIC

No Entry Fee.

Formal attire is required.

This class will be conducted under USEF General Rules and drug testing procedures. Horse-and rider combinations will compete at the respective height of the section from which they qualified.

The class consists of two rounds. Both of which will be judged by two judging panels consisting of two judges each. The open numerical scoring system will be utilized with each panel's score announced and then averaged to determine a final average numerical score for each horse. The top twelve (12) horses will be called back for a second round from low to high score within their respective heights. The height section including the horse with the highest first round average score shall return last. The second round should include elements that allow horse and rider to demonstrate brilliance and rideability, no trot fences will be permitted. Each round of the Classic is to count 50%. The final average score from Round One will be added to the final average score from Round Two to determine the overall total final score.

In case of a tie in either the first or second round: Panel One's score is the tie-breaker. In case of a tie in the overall standings: Panel One's second round score is the tie-breaker.

QUALIFYING

Invitations will be extended to the 1st through 6th place ribbon winning horse and rider combinations in over fence classes from each of the professional hunter divisions, models and under saddles not to count. A horse must be ridden by the same rider throughout the entire hunter section (exception: under saddle classes) to be eligible to compete in the Hunter Classic. Horses must jump the fence heights applicable to the section from which that horse and rider combination qualify. Qualifying is based on the horse-and-rider combination; no horse or rider substitutions allowed. Riders may qualify a maximum of two (2) horses.

When qualifying from more than one section, the qualifying horse and-rider combination will compete in the Hunter Classic from the section from which they have the highest number of points on the championship chart. In the case of an equal amount of points in more than one (1) section, the horse-and-rider combination will compete in the Hunter Classic from the section from which they first qualified.

Declarations to show in the Hunter Classic qualifying from one of the following hunter sections: Green 3'6", Green 3'9", Green Conformation, High Performance Conformation, High Performance Hunter must be made in the horse show office on Wednesday, October 28, 2026 within 1 hour of the conclusion of each rider's last eligible section.

I also agree to be responsible for any injury or damage caused by me, my horse, my employees or contractors under my direction and control at any USEF Event.
